1993

PRESIDENT'S REPORT

Another enjoyable and successful season was had by the members of the Oatley Rugby Club. The growth we experienced this year was nothing short of sensational and there are a number of people responsible for this growth.

The main group that we must acknowledge is our fabulous "Wallabies". Their contribution has been a major factor in the growth and interest now being shown in our game.

Steve Kowalick, Development Officer for Southern Districts Rugby, has played a big part in the recruitment of our Under 7's players. Steve started a Walla Rugby programme around our local schools and all junior clubs are reaping the rewards. Congratulations Steve on a job well done and on behalf of the Club we thank you for your much needed assistance.

The growth in the senior ranks, with a record number of new players resulting in the fielding of a 5th Grade side (Halligan Cup), was due to a lot of hard work by our recruitment officer, Stephen Williamson. The result is that in 1994 Oatley Rugby will be fielding a Colts Team to play in the Subbies Colts competition.

Our best team successes for the year were the Under 7's and the Under 9's who are Southern Districts Mini Champions, while the Under 13's reached the Final in the Easts/Randwick/Southern Districts competition but, unfortunately, they were defeated. However, they did go to Canberra and pick up the winners prize in the ACT's top, end-of-season tournament. It is interesting to note that with the Under 9's victory (under the guidance of Wayne Lanham) the win made three consecutive titles - not a bad record.

Special thanks must go to all our sponsors who are listed elsewhere in this Report but my personal thanks go to Warren and John Humphreys from the Oatley Hotel and to Graham Williamson of Oatley Insurance Services for their on-going commitment to this Club.

I would also like to thank our hard working management and coaching staff on another job well done and, in particular, Shane Dunn (Secretary) and Bill Bell (Treasurer) for their contributions this year.

We are entering a new era with numbers growing and colts about to take the field. The Club has come a long way since 1974 when I began my association and the time has come for me to step down as President. I have decided it might be time to write a best selling book on the characters I have known - maybe I can title it "Boots, Balls and Rod Dunn".

Lastly, I would like to thank all those people who have assisted and helped me over the years to contribute to the Oatley cause. This is a great Club and will become greater. Thanks to all!!!!

CLUB CAPTAIN'S REPORT

Congratulations to all members, players, officials, family and friends who contributed to another successful year for Oatley Rugby. Well done Fourth Grade for making the semis and to all those who achieved personal bests throughout the year.

Thanks to all those who helped both on an off the field but don't forgot an extra pair of hands is always welcome. "There's always room for one more".

It was good to see all the new players enjoy their Rugby (and socialising) with the club this year and I hope you all enjoy playing with Oatley for many years.

A team needs a good coach and I'd like to thank them all. A special thanks and farewell to Brett Bowden for the time and effort he gave to the club this year. We wish you well in the frozen wastelands of Canberra.

Let's all keep the good work going and I'm looking forward to the future of Oatley Rugby Club.

Thanks to all
 K.B.

SUBBIES PRESENTATION NIGHT WITH
 Russell FARHAM

JUNIOR'S REPORT

1993 was a most successful season for Oatley Juniors with a number of outstanding highlights.

Our Mini teams had an enjoyable and successful year both in terms of results and numbers.

* We fielded 2 under 7 teams of 10 players each while both the under 8 and 9 teams also increased their numbers this season.

At the end of season Gala Day, both the under 7 and under 9 teams won their respective age groups convincingly being undefeated on the day.

* The under 13 team had another strong season under the expert coaching of Manu Sutherland. Although disappointed in losing the major Semi-Final by 3-10 to eventual Premiers Saints and then the Final to Burraneer (a team they had beaten twice during the season), they played superbly to win the Canberra 7's in September against 19 other teams from Sydney and the ACT. On that day they comfortably won all the pool matches and then beat the strong St Edmunds College, Canberra team in the Semi-Final by 19-15 before thrashing Oakhill College by 31-0 in the Final. The team played some great rugby on the day and were worthy 7's champions.

* In the September school holidays the under 13 team travelled to Adelaide in a return visit to the Brighton club.

* The parent support of the junior teams was again excellent and this certainly augurs well for the future health of junior rugby at Oatley.

* Richard Sheahan did a tremendous job teaching 20 under 7's to play Walla Rugby and he looks to have the makings of a formidable under 8 team in 1994.

* Brian Norris brought his under 8 team along well this year and would love to recruit some speedy backs next season to add to his strong forwards.

* Wayne Lanham and Mike Low again produced a champion under 9 side and with a few new recruitments in 1994 should have a top under 10 team for their entry to 15 a-side rugby.

* Manu Sutherland and Gil Viciulis proved to be a terrific combination again and combined with the exceptional parent support made the under 13 team a very happy outfit and a great example of what rugby is all about.

For 1994 it is important for all parents and supporters to help spread the word about Oatley Rugby. Personal contact and word-of-mouth is still the most successful method of recruitment and next season we need new players in all our junior teams and particularly the under 10's.

The support we had from the seniors was again much appreciated especially from Laurie McMartin, Bill Bell and Shane Dunn. As a result of our successful Trivia night in May, we were able to purchase Oatley jackets and kit bags for our under 13 team for their end of season trips to Canberra and Adelaide.

Our Junior club is in a healthy state and in 1994 we hope to field 2 under 7 teams again and teams in the under 8, 9, 10 and 14 age groups. Registration Day will be Sunday 13 February at Evatt Park from 11 - 1 pm and training will begin in early March for all teams.

Lawrie Yeomans
Juniors Administrator

UNDER 13'S

What an extraordinary season. At the time of writing the team is about to embark on its trip to Adelaide to return last year's visit by the Brighton club and so bring to a close the 1994 season.

It was a season of mixed achievements. Undoubtedly, we failed our first goal - that of a grand final win to improve on last year's performance. The huge improvement of both Saints and Burraneer combined with injuries to key players and a slide in form meant we eventually finished 3rd after losing the Final to Burraneer.

However we did welcome some new and very exciting players. Daniel Batman, Adam Cotterell and Anthony O'Sullivan, all newcomers to rugby union, had a huge influence on the team. The welcome return of Ryan Coates also added another dimension to our blackline. Injuries to Chris Norris and Jonathon Moody emphasised just how invaluable these players were to the team. But in the end it was our lack of form at the business end of the season and a very definite lack of 'killer' instinct that was missing. The slide started by the 3rd round and it was obvious that we were just not prepared for the final series.

Congratulations to those players who were selected in the Southern Districts Under 13 Rep. Team which performed so well in the State Championships eventually reaching the Final against Eastwood. It proved to be a very exciting team and I was extremely gratified to be a part of it. (Modesty precludes Manu from indicating that in fact he was one of the joint coaches of what was a very well drilled team and a credit to Southern Districts - Editor.)

The annual Canberra Sevens tournament in September has now become our regular end of season 'away affair' - not just for the players but most certainly for the parents equally!

To actually win the tournament against 19 other teams from NSW and the ACT was a great achievement and the team did it in great style. They saved their best for the end beating the top ACT Rugby school St Edmunds College in the Semi-Final and then the huge Oakhill College, Sydney, team by 31-0 in the Final.

My thanks to the following:

All those players who never gave up in the face of adversity.

To Adam Cotterell - in his first year with the team proved to be an inspiring captain.

To Daniel Batman and Cade Sutherland for dragging me to the park every afternoon to practise their passing and kicking skills - any excuse to avoid homework !

To Phillip McLean, Ross Leighton and Martin Allen for doubling up on their school and club rugby.

To all the parents who have become what only rugby can produce - specially bonded friends.

To Lawrie Yeomans - the best administrator in the business.

To Paul Batman. The boys certainly benefited greatly from his professional advice and 'let's have fun' attitude.

And last but not least to 'Mr Gil', Manager Extraordinaire, wine buff, debating partner, organiser, Father of the Year and a good friend - a special thanks !!

May the All Blacks plunder all before them - (but not in 1995! Editor) Till next year
Kia Kaha

Manu Sutherland
Coach

Gil Viciulis
Manager

UNDER 9'S

1993 was another good year for the boys, culminating in the winning of their third successive Gala Day.

The team was pleased to welcome three new boys at the start of the season: Stephen Lucas, Sam Wood and Ryan Trench. All three fitted in well and we look forward to them returning next year and if they continue to improve the way they did through the season, they will catch up to the boys who have been playing for 2-3 years.

It was also good to welcome back Rabuka Roccas, who missed the first few games of the season and whose return corresponded with a significant improvement in the team's performance and results. Coach Wayne Lanham reckoned that the improvement was because he started giving the boys midweek training at that time but Rabuka's return certainly inspired the boys.

David (Nuggett) Jeffs made sure that no-one was going to take the hooking position off him, with some very strong displays. David looks like being a very valuable member of the team. Another boy who started at the same time as David, Rhys Redmond, improved his play greatly during the season and also started to learn the art of half back play. Rhys is a very determined runner.

An important part of the team was Wade Lanham. While not the biggest boy in the team, he was certainly the most stylish tackler. He often brought applause from the sideline with his excellent low tackles.

Alex Leighton continued to play with his usual determination. A fast and elusive runner, Alex was one of the team's top try scorers and always caused the opposition a lot of headaches.

Peter Christopher once again played strongly. Peter's determination often showed an important lead to the other boys in the team and his breaks from the mauls were a feature of the team's performances throughout the season.

Andrew Low once again played well throughout the season and was the team's leading point-scorer. He made many breaks during the season and his ability to get passes away to his team-mates was another feature of his play.

Our thanks go to Coach Wayne Lanham for the effort he put in throughout the season. His introduction of mid-week training was an important feature in the improvement of the team. The boys all enjoy their football and much of the credit for this must go to the coach. Thanks also to all the parents who turned up regularly and gave their assistance throughout the season. 1994 will represent quite a change for the boys as they switch to playing on a full size field with fifteen-a-side and playing to most of the rules as played by the senior teams.

As games will be 15-a-side, it is important that we recruit new players as we only had ten this year. If you know any boys who would be interested in playing under 10's in 1994, try and encourage them to join.

Wayne Lanham
Coach

Mike Low
Manager

UNDER 8'S

1993 saw a strong development year for Oatley under 8's - the 5 year plan is working well!

Early season wins against Blakehurst and Royals were unfortunately not sustained through second half of the season.

Throughout the season the team started slowly in the first half of games and inevitably came through strongly in the second - next year they just need to play two consistent halves to be a real threat to the other teams.

The strong players of the previous season, Kent Chambers, Chris Watson, Andrew Green and Andrew Nakhla were well supported by Andrew Norris who was certainly unstoppable close to line. Our youngest player, James Lazarus, also showed great spirit in all games.

New players, Mitchell Keats, Russell Loudon and Adam Copper improved by leaps and bounds during the season to help put the team in a strong position for next season.

Finally, we will all remember the running game of Alexander Boston and his crunch tackle - certainly a top season for Alexander.

We still need to recruit some new players but all in all we are set for a great 1994.

Brian Norris
Coach

Steve Green
Manager

1993 UNDER 7'S

UNDER 7 ' S

1993 has proven to be a wonderfully successful year for the Oatley Under 7's. With a record squad of 19 boys, ranging in age from 4 - 7, we were able to enter 2 teams in the competition, culminating in a grand final victory over Sylvania at the Gala Day on August t.

We saw the introduction of Walla Rugby into NSW and it didn't take the Oatley boys long to adapt to the new playing conditions. The major changes to the rules included two-handed tags below the waist instead of tackles, 3-man scrums and 4-man line-outs. All those involved in Walla this year were very impressed with the concept which aids in the development of low tackling, supporting the player with the ball and running rugby.

One of the greatest exponents of running rugby was our star performer, James Horne, who this season broke the long standing Oatley record for the number of tries scored by an individual in a season and I can assure you, every one of those 55 tries James scored was a delight to watch.

Other players who excelled in both attack and defence were Jonathan Sheahan, Ryan Bowring and newcomers Tom Sangster and Pauliasi Taumoepeau. Being a cousin of Willie O is obviously a major advantage for Pauliasi. When one adds Matthew Kerr who scored a great try for the club this year, Jason Marquet and Charlie Temaipa who never stopped trying, and Mitchell Smart who performed superbly on Gala Day, the outlook for the Under 8's next year is looking exceptionally bright.

Even brighter still will be the new look Oatley Under 7's. Leading the way will be Matthew Egan, Tim Green, Brendan Byers, Brett Gainsford and Brendan Lanham, who all scored excellent tries as juniors in the team. With last year's experience under their belts, Thomas Vantol, Jason Trench, James Wheatley and Ben Caldwell will accept the role of senior players and continue to put in their best efforts, as they did all season.

Two favourites of the team were our twins, Robert and Mitchell Temaipa - or was it Mitchell and Robert, who were always the smallest on the field but they certainly put in some of the biggest tags. Considering they still have 2 years to play in Under 7's, they will be unstoppable in years to come.

1993 has been an extremely fulfilling year for me as coach. The support I've received from all the parents, and many grandparents has been invaluable. Special thanks must go to my assistant coaches Andrew Bowring and Steve Marquet, and an extra special thank you to our chief supporter and manageress, Helen Green.

Congratulations to all the boys for a super effort this year and I hope you've all enjoyed the season as much as I have because that's what rugby is all about.

I look forward to seeing you all next year,

Richard Sheahan
Coach

Helen Green
Manager

I have now been with the club for three seasons, two of them as Secretary. It's probably about time I wrote something. The Annual Report, like most, is reflective by nature. So I would like add a little crystal ball gazing and look at our future.

This season the club fielded five senior teams and five junior teams with a total membership of just over 200 Registered Players. We were able to attract many young players, a few experienced players and retain most of the talent of the past few years. There was a 16% increase in the club membership over last season and I expect that there will be continued growth in the future:

This season again saw teams from both Senior and Junior ranks make it to the finals, something that Oatley has done on all but a few occasions in the club's history. We have seen a resurgence in the ranks of the Junior's with the Under 7's fielding two teams. The juniors won two premierships this season and several players gained representative honours at the district level.

Next season sees the seniors in the "Super Challenge" series (the merger between the Metropolitan clubs and Subbies). It will bring changes and new challenges to the club. In the coming season we are expecting to field 5 senior teams and, for the first time, a colts team in the Subbies competition. This will be augmented by 5-6 junior teams. It is hoped that the inclusion of a colts side in the club will bolster our playing depth and encourage the retention of juniors through to the senior ranks. To add to this already large number of players, we have a very experienced "Golden Oldies" side who helped out this season by providing opposition for our fifth grade side when we were not able to arrange a club game.

The club has a committee with a good mix of experience, youth and energy. With Laurie's guidance, those of us new to the scene have made progress in the art of running a "club". We have learnt a lot and realise there is still much more to learn. Looking to the future we see the fostering of strong junior sides as an integral part of the clubs success at the senior level. We are encouraging and fostering the accreditation of our coaching staff and those that wish to participate in the coaching of our players or in the club's administration. A strong club is made up of a strong base of players and supporters who all work together for a common goal. Without one the other would not exist.

The future of the Oatley Rugby Club has been founded upon a solid and accomplished history. It's time to start looking towards the next century - the year 2000 (2001 for those that wish to be pedantic). We have to take stock of what we have and recognise our abilities. With these thoughts in mind we have to set ourselves realistic goals and put in motion plans that will realise these goals. I think that the game of Rugby is growing and there are more changes to come. The next seven seasons will be challenging and we will be rewarded if we put in the effort. The Oatley Rugby Club is alive and growing, and is looking forward to a prosperous future.

After that little ramble, I would like to thank all those people who have supported the club by mucking in and doing some work and helping out when needed. Plenty of names come readily to mind with two people, Les Gover and Ann Brown being prominent. I would like to thank the committee, they all did their jobs and made my life easier. In particular, I would like to thank Laurie, Bill and Rod. I would also like to thank Sharon for her encouragement from the sidelines - one day we might find out who "Sweetie" is. Thank you all for supporting your club and see you all next season.

Shane Dunn

TREASURER'S REPORT

Well the year has finally come to an end! Whoever talked me into this job must be one very smart person or somebody that hates me. Now that the season's over I can relax and have a drink with all those players that have been avoiding me like the plague. It's good to see that MOST Rugby players do have a conscience and before long started to look for me to pay their fees.

This year the Club has once again been able to keep it's head above water but I feel that we can improve a lot more in trying to obtain bigger and better sponsors along with keeping the sponsors that we already have. This can only come about with hard work and members and players supporting our sponsors throughout the year.

To all our sponsors I'd like to thank you on behalf of the Oatley Rugby Club for your continued support this year. Without businesses like yours Oatley Rugby Club would find it even harder to survive:

1. John and Warren Humphreys from the Oatley Hotel who have been our Number One sponsor all year. The hotel, courtesy of Bear, has always been there helping in whatever way they possibly can, eg providing us with the opportunity of selling meat raffles on Friday nights, the many beers which the boys don't mind sculling after home games, holding sportsman luncheons, the drinks here today, etc.
2. Japan Ceramics, for their contribution towards the First Grade jumpers (\$500.00).
3. Video Maze of Oatley, for their man of the match awards given after every game for each Grade.
4. Les's Quality Meats at Mulga Road Oatley.
5. Mr Graham Williamson from Oatley Insurance who has been a sponsor for many years now.
6. Paul's Warehouse for buying advertising space on the Flyers distributed at the beginning of the season.

Once again I'd like to thank all of our sponsors for their support. Hope to see you all back for an even better year next year.

I'd like to thank all the Committee Members for your help and for all those late meetings at the Oatley Hotel (approximately midnight and sometimes later). I would like to congratulate the Juniors on their fund raising Trivia Night which raised almost \$1,500.00. Why can't the seniors hold something like that? I think the seniors should get a few more heads together next year and try to come up with some decent fund raising events. Remember the Club is only as strong as it's members. Unfortunately, a Rugby Club needs funds to survive in this day and age.

I would like to take this opportunity of thanking our Club President, Laurie McMartin (what a great ambassador this man has been for the club), for all the help he has given me. Not only as a Treasurer this year but also as a player. When I first came to the club in 1991, after not playing for 15 years, Laurie was the one person I could always count on to say the right thing to me when needed. From advice on how to play rugby to what I should be doing with my social life.

As most people are aware by now Laurie is retiring as President of the Club for, hopefully, greener pastures. I'd like to wish Laurie good luck with his future adventures within the Rugby scene.

I cannot go without thanking Kate and my daughter Samantha for their support throughout the year. Behind most great men there's a great woman but I'm luckier than most because I've got 2.

See ya all next year

Bill Bell

Oatley Rugby Club

35 YEARS OF RUGBY

(A POTTED HISTORY OF THE OATLEY RUGBY CLUB)

The Oatley Rugby Club first started in 1958 as a foundation club of the Junior competition in the St George district, with an Under 12 side. It was then known as the Oatley Junior Rugby Union Football Club and played in black and gold (from a benefactor who just happened to have plenty of the Country Rep Team colours - the next year they went to the familiar green and gold). From this one team the Club soon expanded. By 1968 the Club had 240 players and 13 teams in the junior competition. In the intervening years the Club collected 13 premierships and one joint premiership. The Club was also twice able to achieve representation in the City of Sydney finals. Other milestones included: several players playing over one hundred competition games, junior representation at the district level and successful club tours of other cities.

1969 was a season of change and achievement. This was the year Oatley won the Club Championship, started using the colours of Green, Gold and Black, and changed its name to Oatley Rugby Club - the current playing colours and name. The name change allowed players over 20 to enter the Sub-District competition. By the end of the 1973 season the tally of premierships had grown to 17. Oatley continued junior representation at district level, and also gained representation at regional and state level. Oatley 'old boys' were also now playing in the St George senior grades.

In 1974 Oatley put a team in the Sub-District open age competition. They went through their first season undefeated and took out the premiership. By 1978 the juniors had fallen to one team and the focus of the Club had changed to the senior side in the Sub-District competition. By this stage the juniors had added 2 more premierships and a joint premiership to their tally.

The seniors started off well with 3 premierships in a row in their first three years in the competition. Although teams made it to the finals on a regular basis, premierships become harder to achieve as Oatley made it's way up (with some temporary downs) through the divisions. Their next premiership was not to come until 1982 when Oatley took out the Radford Cup in a hard-fought encounter against another local Club, Rockdale, at the old Sydney Sports Ground. The Club then had to wait until 1989 when, as a four team club in the Sub-District competition, they won both the first grade (Barraclough Cup) and third grade (Blunt Cup) premierships.

From 1974 to the present; several players have passed the 100 and 200 senior games mark and the 200 and 300 Club games (juniors and seniors) mark. Junior representation has continued at the district level and the seniors have gained representation at the Sub-District Level. The Club has moved from 5th Division to its present place amongst the 2nd Division Clubs in the Suburban competition, and the junior competition has gained momentum and strength.

LAURIE MCMARTIN - PRESIDENT 1978 - 1993

In March 1974 Laurie stopped of to chat to a mate in Forest Road. The result of that little chat is 25 years of rugby with the Oatley Rugby Club. Laurie has decided to retire from the administration of the club, so we would like to present a short history of Laurie's association with the club.

It all started in 1974, when a small group of ex-Oatley juniors decided to form an open age team to play in the lowest grade possible, and to do as little training as possible. Along the way they collected Laurie. In his first season he scored one try and was part of a team that won the Walker cup undefeated.

In 1975 Laurie started his coaching career. Amongst that intrepid band of under 13's were the likes of Rod Dunn (a winger then), Keith Bennett, Ross Williamson, Alan Pennington and Ray Haynes.

'76 saw the introduction of "Charlie". Many say that Laurie posed for the logo, but this is said to be just a rumour. Laurie was appointed Vice President, and the open age won their 3rd premiership in a row.

Premierships were a bit harder to come by in '77 & '78. 1978 saw another milestone with Laurie being elected as President; the first of 16 years. The Under 13's were 16 now and '79 saw them for the last time as juniors.

Laurie's playing career "ended" at his peak. He captained the open age side to a premiership in 1982, playing his 100th game along the way. He announced his "retirement" for the first time.

Laurie managed the open age team in 1983, and managed to have only one game. By '84 this increased to 13 (possibly encouraged by scoring his fourth try of his career).

In 1986 Laurie started coaching and, still in retirement, played 11 games. This brought his total games to over 150. Not bad for someone who had retired. He was probably waiting for 1987, the year he scored two tries in a season - 50% of his career total. This season saw him try his hand at half back and the records have no comment on this excursion out of the pack.

By 1989 Laurie had played over 200 games, and became the first open age player to do so, in 1990 his tally of tries rose to 7.

A tour with the Petersham Club saw Laurie in at Twickenham in 1991 to watch Australia win the world cup. In 1992 Laurie coached the Barraclough cup side, and refereed more games than he played.

Laurie will be missed as President. His knowledge is invaluable. Laurie has not severed his ties with the club, he has made himself available in a consultative capacity and will maintain close ties with the club in the foreseeable future. 25 year is a long time and we would like to say to Laurie that all the work that you have done in that time is appreciated. We would like to wish you well for the future in all that you do.

Good Luck and Best Wishes from the Oatley Rugby Club

THE VICTORIOUS OPEN AGE TEAM OF 1974

FOURTHS AGAINST BARKER - 1993

SOCIAL COMMITTEE REPORT

As we all know, playing rugby is an excuse for a social drink and 1993 was no exception. To those who attended the social functions, we thank you for your support as you are supporting the Oatley Rugby Club, and we hope you all had a great time at the different functions.

The start of the season was the annual Green and Gold Night. The atmosphere may not have been perfect but the final outcome was "Did I do that?". Well, on to the Oatley Hotel which we must thank for giving us those wonderful hangovers on Sundays - "Thanks Wazza".

What about the Party at Rod Dunn's - "HUGE" - and if anyone remembers can they let us know !!!

Those who have travelled to Ireland may have thought they were back there during the Irish Night at the OP. The Guinness was the winner on the night. Then, what about when we all boarded the bus to Bourke, well it felt like it. After two or three stops we finally made the Wool Away Wool Shed at Picton. What a great night!

Then Came September! The Oatley Rugby Ball. This year after an unanimous decision, we went back to the water on a floating pub. Dressed to the 9's everyone thoroughly enjoyed themselves, well I know Rod & I did.

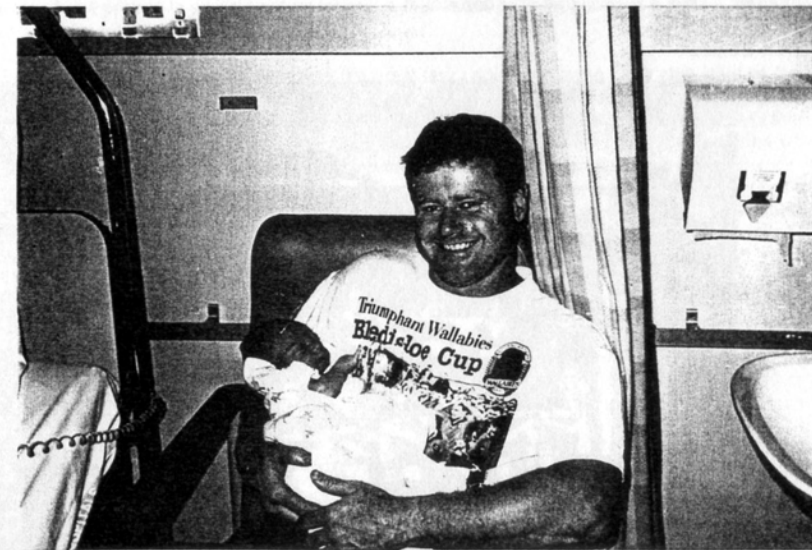

The following weekend the Oatley Croquet Club toured to Port Macquarie. Thanks to KB for all his efforts in organising this trip.

About the trip - "No Comment".

Good luck must go to Bill Bell who is in training for the javelin and shotput events for the 2000 Olympics. Good luck Bill.

Social Committee

ROD - LEFT UP DRINK THE 2001

BARRACLOUGH CUP

It seems as though it was one of those seasons again, you know one where the coach says, "well it could have been if". I try never to use the word if, because to me everything would have been for nothing. And that is the total opposite to how I saw the season!

I took on the job with the objective that I was going to be around for a couple of seasons, not knowing that my career was to take me out of the area after the first. But being family oriented there was no choice but to place them first. I not only leave a great Club with tradition but we leave some great friends that we will have forever. Doesn't that just summarise what Rugby is all about!

It was a season that proved to numerous players that what they were lacking was confidence in themselves and that maybe they really do have the skills to compete against anybody. Everybody is equal until they are put in a pressure situation, the great players will perform, the pressured players find excuses,

Well what happened? If I knew that question do you think we would have lost so many games! It was a season that can only be built upon, a season that a few players needed to have for the experience of playing first grade. I wish I was in the shoes of the First Grade Coach for next season, as I learnt something about each player this year - how they work, prepare and play the game.

The best performance of the year had to be in the second round against Chatswood. This was mentioned to me one night at the bottom of someone's beer glass and I agree, it was a fine performance. They also mentioned that the reason for this display was the pre-game talk I gave and wanted to know why I didn't enter every game in the same fashion. To me every game is different and I confront every game with this thought. But as an athlete dedicated to this sport and the respect that he should have for the game, why should a talk before a game by a coach have any difference to the outcome of his performance. As soon as you wake on the day of the game you should already be thinking of your job and how you can work as a team to win on that day.

I think the best advice I could give to the players next season would be that you have the ability, you have the skills and you have the will to win against any opponent that you come against. It just comes down to confidence and the positive attitude you take towards your own ability. Believe in yourself, "You're the only one you can count on".

Brett Bowden

STOCKDALE CUP

(A LETTER FROM THE WESTERN FRONT)

DEAR MUM

The 1993 rugby season has finished and again we never really did what we set out to do. Oh sure, we trained hard, played hard and partied hard but we just lacked that something to go all the way. I think the problem was that we didn't win enough games to make the finals, even though we won 9 of the last 11 (won 8 - drew 1). But anyway, I reckon if all the boys turn out again next year all the lessons of the last 2 years will have to come together and we should be able to walk away with it.

It was great watching the team coming together this year and playing a style of football that crushed the opposition to oblivion. It mainly worked because of the great looseys I had like Walshy, Hutura and that black guy that kept bringing his cousin down, Brownie (by the way remember when I wrote to you earlier and told you that nobody wanted to play with him because he was too nasty and gave penalties away all the time, isn't it funny how things change with time. And yes he still owes me \$20).

The tight five I had also had a lot to do with our success. When you have blokes like Barter, Berratta, Dunn 1 and Sommerville giving 100% week in week out, it's not hard to understand why the 2nd Grade is such a pleasure to look after. In fact, I think if players from the other grades took notes from Walshy, Sommerville and the rest of the 2nd Grade forwards the entire club would benefit. They never missed a training, went to all the functions and even though I know they weren't happy with some selections they never complained, and they played blinders every week. The good thing to see was that they were always trying to improve themselves and get to the higher grade rather than take it easy down the bottom and next year when every club championship point will count, to keep us in second division, that's what we will need, every player playing in the highest grade he possibly can.

The backs also improved out of sight as the year went on. The hot then cold Murray Harms got hot and stayed hot for the entire season giving the back line good deliveries and some of the new combinations like Lewis, Stevenson and Osman cut them to ribbons. But because of all the pansies in first grade getting injured, it was real hard to keep any feeling going and it must have been difficult for them to adapt every week to a new line up. But good can always be found in bad and for next year all 50 guys that played in my blackline will be pushing for a spot and every one of them has proven to me that he can handle it. I think the best and true nature of the blackline, however, came out in defence. I don't know the statistics but because of the commitment players like Nick Wedd, Ray Howe and Boy Byers showed when under attack, they did themselves proud and proved to an old front rower/coach that backs possibly still have a spot in this game and can do good sometimes.

Other great things that came out of the year was the great team spirit that turned into club spirit as the year went on. Every week all my guys stayed on the sideline ready to help out 1st grade if they were needed. Every week they turned up at the pub afterwards for a drink together and went on all the social do's. But I think the best thing that happened all year was that all of them listened and learnt how to play the game the way it's meant to be, as 15 blokes together. It was great watching them come off the field after a win clapping each other on the back knowing all 15 had put in the effort and got the rewards. But even after a loss they didn't argue amongst each other, they knew they had done their best and knew the result would be different next week. In the second round we beat all the teams that made the four easily and it's an ego trip when the opposition's coach and players are all saying we beat them and gave them a lesson on how to play as a team.

I hope that all the team shows up again next year even though most will be walking into First Grade and if we get off to a good start what a year we'll have.

Your loving son

BEAR

BLUNT CUP

1993 will be remembered as a season of up's and down's.

A promising start with a win at St Ives followed by a long period of coming a close second, losing many games against teams whose performance was inferior but who capitalised on OATLEY mistakes and often won with goal kicking points.

However, the heads of the mighty 3rd Grade never completely dropped, the spirit remained intact and come the end of the season, Oatley 3rd Grade knocked off the three leading teams in the Blunt Cup, delivering convincing wins against Hunters Hill, CBOBS and Chatwood. This late surge in results came about by sticking to the same text book game plan and playing for 60 minutes not 30 with few mistakes, nothing flash, just application of basics.

3rd Grade in any club is a difficult grade to retain a stable team together and develop a combination, considering that 74 different players took the field for Oatley 3rd Grade in 1993 the team performance cannot be knocked.

1993 delivered a few new faces to our team:

- The Surfy wax-head combination of Shaun Ferguson, Nick Wedd and Steve Mandile stuck it out from the first trial game through to the end of the season trip (not a pretty sight).
- The Booker Brothers and Brian Craddock, from the upmarket Sutherland Shire area where men are men, delivered a strong performance.
- An enthusiastic newcomer in Mr Dave Scullion and a returning old comer in Scot Graylin did our line out possession wonders.
- The flying Lewis Trio ran the ball and Ryan, The Gazelle, was exceptional.
- The Cox brothers and Adams brothers proved their worth as the future of the Club and Grant Polke showed us all that he is destined for higher honours.

Some of the more "established" players who deserve a mention are:

Andre Cadet, who performed well in the second round finding his niche at fullback; our Capi-tan young Michael Spring lamb for his leadership on the field; Brett "Supa Coach" Bowden our leading try scorer for the year with two tries; Billy "Pool Ball" Bell and Faz for their robust forward play.

Not forgetting those few 'has beens' who put the boots on including: Wazza Humphreys, when the chips were down and Prop's were harder to find than rocking horse poo! he came to the rescue and took the field; and an anonymous imposter who appeared in the back row a few too many times.

Thanks to all the guys for an enjoyable year, a bit short on results but always played with the competitive spirit of Bourbon and Coke from Friday Night.

COACHING ANALOGY: YOU CAN ONLY P... WITH THE D... YOU'VE GOT.

ADIOS

Dave Beckett

PS: Dear Santa, please send a goal kicker for 1994.

RICHARDSON CUP

Going one better than in '92, Fourth Grade produced another solid performance in '93 to make the elimination semi-finals, our success being largely based on team play versus individual performances.

Many new players often start in the Club in Fourth Grade, mainly because they are unknown entities. However, it was pleasing to see so many new players quickly climbing the Grades (Ryan Lewis, Tony Lewis, Andrew Stevenson, Ivan Boule, Nick Wedd, etc).

Given the opportunity to develop a couple of players, Angelo and I are also pleased to advise that Clayton Moss, James Donkin, Dave Scullion and Brad Lewis had excellent seasons. Our advice to them is to aim for Second Grade in '94.

Being full of "Personalities", Fourth Grade continued to entertain both on and off the field - thanks go to Bamsie, Hollywood, Grover and "The Goose".

Several more experienced players performed well this season. Geoff Buckland probably had his best year since joining the Club; Kieran Bleakly was very solid behind his pack; and Theo just seems to be getting younger with every game.

Lastly, much of our success can be attributed to the on-field leadership of Tim Whiteman and Les Gover, and to the superb contribution Angelo made as Assistant Coach - on behalf of the players, thanks Angelo.

Mike Heal

THE FABULOUS FIFTH'S

Look at this club grow and watch this team go! 1993 will go down as the year Oatley Rugby first fielded a fifth grade with a great mix of old and new. The fabulous fifths proved to be a formidable side. With only three losses (one to a side that contained more Oatley players than opposition, one other with only 12 men, the last to the Oatley Golden Oldies) during the season, the only disappointment was the that this also equalled the number of forfeits.

The season has proved to be a great nursery of talent with the core of a potential Colts side being formed within it's ranks. It has also shown how versatile our players can be. Their were some finds in the movement of some died in the wool backs to forward positions. Mark Szychter has shown potential in the forwards after coming in from the wing to the second row. The Smith brothers have had there share of play in the forwards with Martin giving Mark a black eye for not packing square in the front row.

The backs overflowed with youth. With the Cox twins and the other half of the Adams duo, the back line showed plenty of enthusiasm and energy. With a couple of old heads coaxed out of retirement at various stages of the season and the stalwarts who turned up each week, the fifth grade played with flare and enthusiasm, showing everyone watching how to really enjoy the game.

The fifths had a mixed first year with the lack of a structured competition. This will change next season when the fifth grades of the 2nd division clubs will be playing for the Halligan Cup. It is hoped that this competition will be played with the same mixture of competitiveness and fun that this seasons games were played in.

Thanks to all those players who came down to watch and found them selves on the field and in positions they normally did not play in. I would specially like to thank all those players that turned up each week for their patience and perseverance. I would finally like to congratulate all the players on the spirit in which they played the games and the club hopes to see you all next year.

Glen Derwer

The NEW GENERATION OF OATLEY PLAYERS

NOTICE OF ANNUAL GENERAL MEETING

Notice is hereby given that the Annual General Meeting of the Oatley Rugby Club will be held at the Oatley Hotel, 8 Oatley Avenue, Oatley, on Sunday 21st of November, commencing at 10:00am.

In accordance with the ORC constitution, all positions on the Management Committee will become vacant and elections held for the vacant positions.

Nominations are called for the following positions:

- President
- Secretary
- Treasurer
- Club Captain
- Senior Grade Coaches (4)
- Social Committee Vice Presidents (2)
- Junior's Vice Presidents (2)
- Cricket Club Delegate

Nominations must be with the Secretary by COB 7th November. All nominees must be nominated by a financial member (or their Parent/Guardian) of the club. Nominees for all but the Senior grade Coaching Positions must be financial members of the club. There are no restrictions on eligibility of nominees for the positions of Senior Grade Coaches.

Expressions of interest in the following positions are called for:

- Club Coach
- Fifth Grade Coach
- Colts Coach
- Social Committed Members
- Senior Grade Managers
- Assistant Coaches

Nomination forms are available from the secretary. All enquires should be directed to the secretary, Shane Dunn on 533 4751 (h) or 412 6886 (w). If all nominations could be in early it would be most appreciated, as it helps to make for a better run AGM.

**AFTER THE AGM THERE WILL BE A BBQ
(EXPECTED START - 12:00 NOON)
FOR ALL THOSE THAT ATTEND AND THEIR
FAMILIES**

**ALL MEMBERS AND PARENTS OF JUNIOR
MEMBERS ARE INVITED TO ATTEND AND
PARTICIPATE IN THE AGM AND THE BBQ
AFTERWARDS**
