

OATLEY WEST SCHOOL ASSEMBLY HALL PROJECT

15 Freeman Avenue,
OATLEY

18th February 1960

The Secretary,
Department of Education,
Box 33,
G. P. O.,
SYDNEY

Dear Sir,

I refer to your letter, dated 2nd March, 1959, reference B3797-32, in reply to a letter from Oatley West Parents' and Citizens' Association, dated 17th February, 1959, concerning the possibility of erecting an assembly hall at Oatley West Public School.

As a result of your letter, the Parents' and Citizens' Association, and the Mothers' Club, decided to set up a committee with roughly equal representation from each body, and with the headmaster (Mr. E.J. Bryant) as a member, *ex officio*, to handle what we term the Oatley West School Assembly Hall Project. An unsigned copy of our constitution is enclosed.

Our comments on the specific points and conditions mentioned in your letter are as follows:

1. As required, the committee mentioned above has been formed with Mr. A.B. Gilroy, 33 Douglas Haig Street, Oatley, as Chairman, and the writer as Honorary Secretary. Preliminary discussions have already been carried out with Mr. A. K. Eady as Architect. The Committee will undertake the necessary liaison with the builder and with the Department as well.
2. From whom are required the written guarantees assuming responsibility for construction costs as determined? From this Committee, from the parent organisations, or from all?
3. We agree to meet all costs associated with architect's fees, and the cost of plans and specifications.
4. It is not disputed that the siting of the assembly hall will be determined by the Department, but we think that the Department should give full consideration to any suggestions that we may make on the matter.

We wish to thank you for your offer of assistance from the School Drama Section in regard to the design of the stage, and will bring the matter up in our discussions with the Architect.

Lastly, we wish to give formal advice to the Department that we would like to proceed with the construction of an assembly hall, and therefore request approval of the project. It is unlikely that we will be able to proceed with construction within a year, and ask that provision be made for funds during the 1961-1962 financial year.

Yours faithfully,

Dear Sir,

As Secretary of the Oatley West P.&C. Association I have been asked to write and thank you for the contribution of a quantity of printed letter-heads for our Association's use.

It is contributions such as yours that will help to make our Association a great success in the future, whose objects are not only to give the children as many educational and sporting requisites as possible, but also to press for better classrooms at the school, and the beautification of the surroundings.

Once again on behalf of the Association, I wish to thank you for your generosity.

Yours faithfully,

Dear Beryl,

It is the desire of the Oatley West P.&C. Association that I write and thank you for your efforts in raising £9. for the Parents & Citizens.

It is very heartening to us who are striving to make a success of this Association to receive help from individual efforts on the part of the parents.

Once again, on behalf of all concerned, and myself personally, I say "thank you".

Dear Mrs. McMinx,

just a few lines to let you know that unfortunately I will not be able to cut the stencil for the next months gazette as I am helping a friend out in his office for a few weeks. I would be pleased to cut them on my own typewriter which has a small carriage, if it would be suitable to everyone concerned.

With regard to the clap selling the school children their

lunches, an inspection was made by one of the Health Inspectors from Huntsville, who has informed my husband that bournell has no objection to him and that his von is quite clean and that the food is fit for human consumption.

You could give me a ring re the typing arrangements.

Dear Secretary,

ELECTIONS AND EDUCATION.

Much greater funds are still required for Education, firstly to overtake the serious arrears that still continue and secondly to enable Educational facilities to be expanded to meet the requirements of the modern nuclear and atomic age, and to implement recommendations of the Wyndham Report.

The policy of the Federation is that these increases can best be obtained by financial assistance from the Commonwealth, and this can only take place if the State Premier requests the Commonwealth to make a grant to the State for Education purposes, and then for the Commonwealth to agree to do so.

Elections are approaching - first the Commonwealth and then the State. It is important that your Association support the Federation in making strong representations to candidates in your district as follows:

FEDERAL CANDIDATES. To urge the Federal Government to accede to requests from the State Governments for financial assistance for Education.

STATE CANDIDATES. To urge the State Government to request the Commonwealth Government to make a substantial emergency grant to the State for the 1958/59 financial year for Education - to set up a Committee comparable to the Murray Committee to enquire into the needs of Primary, Secondary, and Technical Education on a nation-wide basis, and to bring down a finding in time to enable recommendations to be embodied in the 1959/60 Estimates.

The problem of inadequate funds for Education can be solved by these measures, and we ask for your assistance in striving to achieve them.

Yours sincerely,

Dear Secretary,

We are enclosing your Association's affiliation account which includes also the new Public Risk Insurance premium if necessary, the "Parent & Citizen" subscription, and an amount of 1/6 for the new Guide Book. You will notice that the affiliation fee has been increased for High, 1st, 2nd, and 3rd. class schools, and District Councils. This was decided at the Annual Conference of the Federation last month.

It has been our practice to include with this account in the past, a copy of the new Guide Book, but as directed by Conference last year we are including a statement of policy as decided at the 1958 and 1959 Conferences. This will necessitate a little time for preparation, but we expect the new Guide Book to be ready to post in a few weeks time, and a copy will be forwarded to you immediately.

Your usual prompt attention to these matters will be greatly appreciated, and would incidentally ensure that your Public Risk insurance policy will be renewed from the expiry date, that is the 31st. October next.

With best wishes to your Association.

Yours sincerely,

General Secretary.

THE PRINCIPAL

POST OFFICE FILMS FOR YOUR SCHOOL

The Post Office has just added to its film library a number of new films for use in Schools during the year 1959.

These films, mostly, deal with some aspect of Post Office Services and take pupils, both Junior and Senior, "behind the scenes" - in an educational way - illustrating the many and widely used services, provided by the Post Office. Such interesting films are helpful to pupils in various ages in the study of Social Services.

In our extensive film library are many exclusive Post Office films dealing with such subjects as the Olympic Games, The Correct Use of the Telephone, Inland Mail Services, The G.P.O. Speaking Clock, Broadcasting Services, Postage Stamps, How Telegrams are Sent, Combating Vandalism, The Radio Telephone, and many other educational subjects showing the Australian Communication Services.

Encouraged by the numerous requests received for screenings by the Post Office Film Unit last year, arrangements have now been made to further extend our activities during 1959, and endeavour to give a wider coverage to schools and colleges.

If you desire our Film Unit to visit your classes during 1959, would you please telephone BW7352 when available dates can be discussed.

Evening screenings of up to two hours can also be carried out for P. & C. Associations or similar groups, and perhaps you may wish to advise your P. & C. Association or Mother's Club of this free service.

Yours faithfully,

F.C. Barnes.

St. George District Council of Parents
and Citizens' Associations

(MEETS LAST FRIDAY IN EACH MONTH)

265 Dora Street,
HURSTVILLE.

Dear Sir or Madam,

I have been directed by the above Council to seek the active support of all Parents' & Citizens' Associations in the St. George District, in the work of the District Council.

There are upwards of 38 primary and secondary schools in this district, yet many of these schools are not represented on the Council.

Today there is a healthy growth of interest in the work of Parents' & Citizens' Associations in the major section of the St. George area, and there has also been considerable added interest in the activities of the Council. However, there is nothing like the full representation of Associations actively attending.

Many matters are engaging the attention of the Council which are of the utmost importance to your Association and to others in the district, e.g., the provision of adequate high school facilities to serve the district's needs, also the requirements of the primary schools themselves, and it is felt that your Association would have a valuable contribution to make to the discussion on such important matters.

Many successes have been achieved over the last couple of years through the efforts of your District Council, e.g., the Moorefield site was obtained by a very vigorous campaign waged by this Council. Today on that same site stands a very modern multi-purpose school which, quite possibly, may still have been in the planning stage had it not been for the efforts of this Council campaigning for its erection. Safety doors on trains originated here too, and today all new trains being built have safety doors. Five acres of ground, being reclaimed in the Kogarah Bay area, has been set aside as a playing field for school children. These are just a few of the efforts of your Council which affect every P. & C. Association.

READ
If your Association is already represented we would welcome any representation you may care to submit through your delegates. If you are not represented, we suggest that at your next meeting you appoint two delegates to attend Council meetings which are held in the St. George County Council's rooms, Montgomery Street, Kogarah, at 8 pm., on the last Friday of each month.

Remember, your Council is what you make it, put the report on the agenda at each meeting.

Dear Secretary,

ANNUAL CONFERENCE - 1959.

The Annual Conference of the Federation will be held this year on the 13th, 14th, and 15th, August.

In accordance with our Constitution, ~~Clauses 24(a) and (b) and Clause 28~~, delegates names and remits for the Agenda paper must reach this office by the 30th, June, 1959.

Delegates and alternate delegates shall at the time of election be a financial member of an affiliated Association, and should be elected on the following basis:

1st and 2nd. class schools	3	delegates
Others	1	"
District Councils	2	"

Also in accordance with the Constitution, proposed amendments of the Federation's Constitution may be considered at this year's Conference, and we quote the relevant clauses:

- 40.(a) This Constitution may be amended only by the approval of a three-fourth majority of the Annual Conference voting upon a motion for the amendment, of which at least one month's notice shall have been given to each affiliated Association or affiliated District Council.
- (b) Notice of any such motion or amendment shall be given to the General Secretary at least two months prior to the holding of the Annual Conference, and it shall be the duty of the General Secretary to give notice to each affiliated Association or affiliated District Council as set out in the last preceding sub-clause.
- (c) Any such motion for amendment shall not be couched in general terms but shall be framed in the exact wording which may be suitable for inclusion in the Constitution.
- (d) Such amendment shall not be in contravention of the provisions of the Public Instruction Act of 1880 as amended by Act 21, 1936.

Please particularly note that it will be necessary for proposed amendments to the Constitution to reach this office by the 13th, June, and delegates, alternate delegates names, and remits for the Agenda paper to reach this office by the 30th, June next. Disappointment has occurred in the past when delegates names or remits could not be accepted because they reached this office too late, and we earnestly draw your attention to these provisions in our Constitution.

Dear Secretary,

EDUCATION AND THE STATE ELECTIONS.

Public Education in New South Wales is the responsibility of the NSW State Government, and thus the election of its Parliament is a matter of vital importance to Education.

The Federation has made appropriate representations to the political parties that they embody in their election policy that the Premier, in conjunction with the Premiers of other States, request the Federal Government for specific grants for Education, and that to determine the nature and extent of such grants a nation-wide enquiry be made into Primary, Secondary, and Technical Education in all States.

Replies have been received from the Parties, and are published in the February "Parent & Citizen".

Now it becomes the responsibility of each Association to approach the candidates of all parties in its electorate pressing them to support this policy.

During the Federal Elections in November 1958 a corresponding task was most satisfactorily performed, but on the occasion of the State Elections the opportunity to assist in the cause of Education is even more direct.

We therefore appeal to all Associations to approach all candidates for their support, and to do this in such a way as will win the good-will of the candidate. To do this it may be desirable for Associations to arrange a joint interview with each candidate with other organisations in the electorate, so that undue duplication of representation may be avoided.

Helpful information for use at such interviews is contained in the correspondence with the Premier, published in the February "Parent & Citizen", and in the Editorials of the November and February issues.

Never has there been a more significant occasion as now to fight for Education, and it is the responsibility of your Association no less than any other Association, to perform its part.

With best wishes.

Yours sincerely,

E. K. Byron
General Secretary.

Dear Sir,

POLICY NO. 13/69288.

In acknowledgement of your Association's proposal for a Voluntary Workers' Personal Accident Insurance I have pleasure in handing you herewith my Company's Policy No. 13/69288. I also enclose an account for the premium viz: £5/10/0 and await the favour of your remittance for that amount in due course.

I thank your Committee for the instruction to arrange this insurance and will be very pleased to advise on any future requirements. As you are aware I reside locally, at 48 Marine Drive to be precise, and therefore can be readily available if required. Perhaps I should, for your records, and possible future convenience, advise my telephone number as being LU 3317.

Incidentally the South British is one of the comparatively few Companies which write Pluvius insurances and I mention this as I can visualize your Committee considering securing protection against loss of revenue from functions, brought about by rain. I would, however, like to make reference to the fact that seven (7) clear days notice is required for the effecting of such an insurance.

Yours faithfully,

W. G. HUXTABLE.

Dear Sir or Madam,

We are writing to inform you that arrangements have been made to provide Personal Accident cover for your type of organisation at a nominal premium.

Your members are continually engaged in voluntary work, manually and otherwise, for the school and in the case of some member sustaining an injury there would be loss of wages and medical expenses incurred.

We can now provide cover as set out below and the premium involved would be 5/- per Voluntary Worker per annum. The number of voluntary workers only are required without details of names, medical condition, etc. }

"Cover to provide the following benefits in the event of death or incapacity of a Voluntary Worker resulting from accident whilst such voluntary worker is actually engaged in carrying out voluntary work in connection with any activity organised by a Parents and Citizens' Association."

(c) Claims—

(1) in respect of death of or bodily injury to any person arising out of or in the course of the employment of such person in the service of the Insured,

Abridged terms and conditions of MASTER PUBLIC LIABILITY POLICY issued to the Federation of Parents and Citizens' Associations of N.S.W. and nominated Parents and Citizens' Associations and Kindred Bodies, extended to indemnify members of such associations, by THE SOUTH BRITISH INSURANCE COMPANY LTD. (hereinafter called the Company).

THE COMPANY SHALL PAY to or on behalf of the Insured all sums for which the Insured shall become legally liable by way of damages in respect of accidental death of or accidental bodily injury to any person and or accidental damage to property arising out of an accident happening during the continuance of the policy and caused in the course of carrying out or engaging in any activities sponsored by the Insured by the negligence of the Insured or of any person for whose negligence the Insured is liable or through any defect in the ways, works, machinery or plant used in the said activities.

THE COMPANY SHALL ALSO INDEMNIFY the Insured in respect of death, illness or bodily injury to any person occasioned during the continuance of the policy by negligence or by breach of any condition or warranty as to absence of vice implied by law or which would in the absence of express agreement be implied by law in connection with goods sold, supplied or delivered by the Insured, his servants or agents during any period of insurance hereunder whether such goods were manufactured by the Insured or not and whether such condition or warranty is also expressed or not.

Provided, however, that the Company shall not be liable for claims arising in connection with goods bought or acquired by the Insured or sold, supplied or delivered by the Insured, his servants or agents—

- (1) upon or subject to any term, condition or warranty which varies, excludes or modifies any condition or warranty as to absence of vice which would otherwise be implied by law;
- (2) where the Insured by himself or his servants or agents has knowledge or has reasonable cause to suspect that facts or circumstances exist which amount to a breach of any condition or warranty as to absence of vice implied by law or which would in the absence of express agreement be implied by law;
- (3) which the Insured whenever required so to do by the Company does not identify, and of which the Insured wherever required as aforesaid does not supply the name and address of the person from whom the Insured bought or acquired the same and of the person (if any) who to the order of the Insured treated, dyed, dressed or repaired the same.

THE COMPANY WILL ALSO PAY in connection with claims against the Insured to which the indemnity expressed by the policy applies or claims to which if sustained such indemnity would apply—

All law costs and all charges and expenses incurred in the settlement or the defence of claims or litigation arising therefrom where such costs, charges and expenses are incurred by the Company or by the Insured with the written consent of the Company, and all law costs, charges and expenses recoverable from the Insured by any claimant,

but so that any sum to which the liability of the Company is expressed to be limited as hereinafter provided shall be inclusive of all such costs, charges and expenses.

EXCLUSIONS

THE COMPANY SHALL NOT BE LIABLE for—

- (a) Claims for death, injury or damage arising directly or indirectly out of or caused by or in connection with any mechanically propelled machine or vehicle or attachment thereto in respect of which insurance under the Motor Vehicle (Third Party Insurance) Act 1942 or any amendment thereof is required and any aircraft or waterborne craft.
 - (b) Claims for death, injury or damage arising directly or indirectly out of or caused by or in connection with the erection, demolition, alteration of and/or addition to buildings, except an addition or alteration not exceeding in cost the sum of £500.
 - (c) Claims—
 - (1) in respect of death of or bodily injury to any person arising out of or in the course of the employment of such person in the service of the Insured,
 - (2) by any person in the service of any Contractor or Sub-Contractor to the Insured or by any dependant of such person for payment under any Workers' or Workmen's Compensation Act or Ordinance.
 - (d) Claims for damage to property—
 - (1) of the Insured or of any member of the family of the Insured ordinarily residing with the Insured,
 - (2) of any person in the service of the Insured arising out of the employment of such person,

Dear Sir,

As Secretary of the Oatley West P.&C. Association, I have been instructed to write and thank you for your contribution of a quantity of plastic covering, used by us to cover a batch of new library books bought and presented to the school by our Association.

It is very heartening to us who are striving to make a success of this newly formed Association, to receive support from Companies such as yourselves.

Once again on behalf of the Association thank you for your generosity.

Yours faithfully,

L. ATKINSON.
Hon. Secretary.
